RESOLUTIONS ON THE BUDGET TO BE MOVED AT THE REPRESENTATIVE ASSEMBLY of 1924

---

1. Messrs D.S.Mallappa and others.- (Agreed)

The whole of the surplus fund at the credit of Seringapatam Gumbaz be deposited in the Government Savings Bank and the interest to be accrued thereon be utilised for giving scholarships to Muslim students reading in High School and Entrance classes.

Financial Secretary's remarks.-

2 The resolution is in order and may be admitted. If the surplus funds of the Gumbaz have not been invested and if such funds are not required for any current purposes, there is no objection to their investment. Whether, however, the interest realised from the investment can be utilised for giving scholarships proposed is a matter which requires to be considered in the Muzrai Department.

Dewan's order.-

3 Yes. (Id.) A.R.B./7-6-24.

---

4 The funds provided for Chattrams be utilised for the feeding of poor students of all classes.

Financial Secretary's remarks.-

5 The resolution is in order. This has to be considered in the Muzrai Department with a view to see whether the proposed diversion is possible or consistent with the nature of the original grant.

Dewan's order.-

6 Yes. (Id.) A.R.B./7-6-24.

Resolution no 1. Investment of Gumbuz Fund.

1. The history of the Gumbuz is briefly narrated in Mazrai file No 291 of 1892–93. The Gumbuz was built by Tippu Sultan for the tomb of his father, and he also built the Masjid-i-ala at Serungapatam. Four other Smaller masjids also sprang up in the place & Tippu Sultan granted Pasaibs to all of them. The present scale was fixed in 1850. viz

Gumbuz	7760-1-6
Masjid-i-ala	45 32-12-3
minor masjids	617-14-0
	8910-4-9.
	1291.

The maintenance of these institutions was transferred by the British Govt to Mysore Govt in 1882. The unexpended portion of the funds made by Govt for above institutions, votive and other offerings and sale proceeds of all produce of the surrounding ~~proceedings~~ lands now constitute the 'Gumbuz Fund'.

2. A portion of the fund has been invested in the Govt of India 3½% Securities. It will be seen from flag Z that the investment of Rs 10000 in 1890,

And another sum of Rs 7000 was proposed to be invested. It is ascertained ~~from the~~ ~~the~~ informally from the Dy Comrs Office that the investments at present stands at Rs 20000 and an interest of Rs 700 is expected next year. Besides this, there is a Cash balance of Rs 1857-6-6, as recently ascertained by the Special Duty Officer.

10 3. A Copy of G.O. No 3802-804-Mus 587-18-2 dated 2nd June 1919 fixing the Scales is put up. It will be seen there from that a portion of the Securities will have to be converted into Cash to meet the Cost of repairs, which were then Estimated at Rs 25000. Making allowance for this, the annual income is Estimated at Rs ~~13849-4-8~~ 13730 and the Expenditure fixed at Rs 12810 leaving a Surplus of Rs 920, leaving just a margin to meet unexpected Calls for repairs etc. It may be seen from the Dy Comrs Report (Para 7) that the repairs are yet unexecuted. It therefore looks that the whole amount invested in Securities, and a portion of the available Cash balance also might be required for this purpose. The new amount after meeting this item may be about Rs 10000. ~~To meet~~ At any rate, to invest more than this sum for

To meet the present Scales of Expenditure, after the present Securities are Cashed & Spent it would be necessary to reserve this Rs 10000 for Contingencies, & make up the loss of interest which shall then into account on the Income Side

any Specified purpose may not be safely
4. As regards the utilisation of the
Surplus Funds, no particular rules
seem to have been framed, and it has
not so far been directed how they are to be used for any
particular purposes. The utilisation of
the Surplus Funds for the Education of
Mahommedans & grant of Scholarships
to them seems to have been contemplated
at the time of the Bye-laws,
in Abdur Rahman (vide File No 114 of
1892). As a matter of fact Scholarships
to the extent of Rs 1722 per annum have been
included in the Sanctioned Scales, so that
there seems to be no objection to utilise the
interest Earnings of the Fund for the purpose.
But as stated already, it may
not be safe to so Earmark the whole amount
as proposed in the Resolution for this purpose. It
may perhaps be preferable to keep the investment in tact as to
be able to meet the
increased expenditure in connection
with the visit.
Resolution 2. Chatram Funds
The amount is Rs 10908-; and this has been
already decided upon to be used for Tulamore
Santanpane, Tirupathi Charities, Banahazar
Santanpane, & the Scale of Tirupathi Charities
has already been revised increasing the Expenditure
by Rs 4564.
